INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), applicant brings to the attention of the Examiner the documents listed on the attached PTO 1449. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement includes a certification as specified by Section 1.97(e).

Certification: The document listed in this Information Disclosure Statement, an **English language translation** of DE-19540623, was received by Applicant on March 16, 2004. The German language document (DE-19540623) was first cited in a communication from the European Patent Office (as reference D3) in a counterpart foreign application (EP 99 933 046.7; Office Action of April 22, 2002, enclosed). Applicant cited the German language document (DE-19540623) in an Information Disclosure Statement filed June 5, 2002; an English language translation was not available at that time. Applicants have just received, on March 16, 2004, the attached English language translation. Applicant continues to believe, based on the present translation, that the present U.S. claims are patentable thereover.

A copy of the English translation is now enclosed.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and applicant determines that the cited documents do not constitute "prior art" under United States law, applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
